<u>Commander's Corner</u>

Post 27 General Meetings: Fellow Legionnaires, apologies for the abrupt change of venue of the October Post 27 General Meeting that was originally scheduled to be held at the Farmington City Community Arts Center (FCCAC). Owing to the rise in cases of the COVID-19 pandemic virus in Davis County and throughout the state, the Davis County Health THE AMERICAN LEGION POST 27 P.O. BOX 427 FARMINGTON, UT 84025 <u>WWW.POST27.ORG</u>

Department put out restriction of a maximum attendance of 10 people in public gatherings. Our regular meeting attendance ranges 180% to 300% above that maximum. Out of an abundance of caution for the health and wellbeing of our membership, we therefore took advantage of current computer technology to hold our meeting using the application, Zoom. A special thank you to Post member, Congressman Chris Stewart, who

gave a congressional update during our Zoom meeting and held a Q & A following it.

Looking forward we have planned to hold the next Post 27 general meeting on Wednesday, November 18, 2020 at 6:30 PM at the FCCAC; this is assuming that Davis County has moved out of the Red category of COVID-19 infection rate. If the county has remained Red as of Monday, November 16, with an ongoing meeting restriction of 10 people, an email will be distributed to the membership inviting them to join via the online application, Zoom, with

accompanying instructions. Here are the links and codes to connect to Zoom: <u>https://us02web.zoom.us/j/85933251775?pwd=SEordThvOVBoUk5Cc1lBclNJU0J1UT09</u> Meeting ID: 859 3325 1775 Passcode: 614202

Thanksgiving: Not withstanding this has been a rough year in many respects, we as a people, have a great deal to be thankful for. For me that is a loving family that stands by me, having grandkids to play with and see them grow, having great neighbors who helped me clean up my yard following a Cat 2 hurricanestrength wind storm that tore down one of my favorite trees, having great comrades in the Post to work and serve with, and a great deal more. May the Lord bless you and yours this season of thanksgiving.

Vice Commander

Getting new members and retaining old ones is difficult at best and near impossible on occasion. With the current pandemic, this can't get much harder. Peoples health and, at times. lives are at stake when we interact with them outside of our homes. The welfare of people in and out of our Post is the most important. We can't ask anyone to come join The American Legion unless they feel comfortable, see something they would benefit from, and want to be a part of something great. We can't coerce them, but we can convince them.

Bob Anderson First you show them how much it means to you and how much

you enjoy it. Make it relevant to them by getting to know them and share your common bonds in your and their military service. Ask questions and listen. Ask if they know what The American Legion does for all veterans and what we do as a Post for our local veterans and community. Explain what you know and love about it. Tell them how they can get involved, not as we plow through the current situation, but in the future, when we are back to "normal". Ask if you can get their name and contact information and follow up with information on joining as soon as you can after discussing the Legion. In addition, there are members about to decide in the coming months if continuing to be active is worth the trouble of renewing. You know it is. They should too. Please, if you personally know, contact them and remind them why being a Legionnaire is important.

For the Executive Committee: Don't forget your Buddy Checks. Irrespective of their renewal, we have wonderful veterans (active members or not) who should know we as a Post care how they are doing. We don't call to ask for renewal; we are here for them and call to ask how we can help them.

Vice Commander

Many of my former friends and colleagues, from my days of military service, are enjoying their retired life, hanging up their uniform perhaps only donning it for the occasion of a hunt or for camping. A few of them also served with me in the base honor guard. I have asked them, why not consider joining the American Legion

and continuing their legacy of service. Often their response is, I've done enough. I do not disagree. So few of us have ever worn the fabric of our Nation, whether for a single term of enlistment, or for the few making it to retirement, or fewer still serving past 30 years, our Nation owes you a debt of gratitude for your faithful and dedicated service and sacrifice.

so why do I continue to serve, past my military commitment? It isn't for fame or glory, and certainly the pay is no incentive. I serve because of the association I enjoy with so many good patriots. Our post is made up of some of the finest people I know, having served from the Korean and Vietnam Wars, the Gulf Wars and ongoing War on Terrorism. Affiliating with people who have lived through these experiences and who share a common heritage rekindles my own sense of being.

On one occasion, after leading a Veterans Day parade near Miami, a fellow veteran called after me. "Captain, hey captain!" When I turned around, I saw a man wearing his military blouse and a veteran cap, standing straight and rendering a crisp salute. I returned his salute sharply and we both simply departed. That was all he needed/wanted, to connect with someone of a common experience and heritage and perhaps to relive a time of his life for which he feels great pride. We are the living history of our Nation. Whenever we gather, I too have opportunity to connect with a common sense of heritage and relive a time for which I also feel great pride. But more importantly, I enjoy the company of each and every one of you. Sure, when the call of service comes, I can always find something else to do. But it is to keep your company, as well as to honor a fallen comrade, that I continue to serve, plain and simple. So I thank you for sharing your company and common service.

We try to get 100% membership renewal for the 2021 year by the end of December which is coming up fast. Your 2020 membership expires at the end of December and within a few months after that your magazine will stop and your American legion benefits could be in danger of expiring. You can still get your 2021 membership card any time during the 2021 year and be updated as an active member again, but we prefer you to activate your card before January 1. Renewing your membership ensures that the American Legion can remain strong and we can support the four pillars which are; Veterans Affairs & Rehabilitation, National Security, Americanism, and Children & Youth. But more than that, we should also follow the Veteran's Creed which was established on October 17-18, 2018 as a new resolution No. 10. It goes as follows:

Dale Crockett

- 1) I am an American veteran
- 2) I proudly served my country
- 3) I live the values I learned in the military
- 4) I continue to serve my community, my country and my fellow veterans
- 5) I maintain my physical and mental discipline
- 6) I continue to lead and improve
- 7) I make a difference
- 8) I honor and remember my fallen comrades

If I can do anything for you to make your membership renewal easier or more convenient in the future, or answer any questions you may have regarding

membership, please let me know. I can be reached at Home (801) 451-9493 / Cell (801) 560-2186 or email dalescrockett@yahoo.com.

Post 27 Members, we cannot express again our thanks for your participation with Military Funeral Honors (MFH). Due to the COVID-19 pandemic, we have been extremely limited with our number of these ordinances. To date, 2020 we have only participated in17 ceremonies.

Remember, our participation in the MFH Ceremony is a great privilege and an honor. We help to heal the wounds of the family members of the deceased, by providing the culmination of the service the Veteran rendered to our country.

We were able to conduct MFH Training last month. Thank you all who came and participated with the Utah Army National Guard in this training. Remember, Post 27 is only as strong as the members who volunteer to support its various programs.

For MFH to be truly effective, we need everyone to know the duties of the MFH Ceremony, consisting of team commander, rifle team members, a bugler (Taps), two members for folding of American flag, and a "Three Shell Casing" presenter.

November 11, 2020 is Veterans Day. Post 27 will be participating with three Veterans Recognition Programs; Farmington City; Bountiful City Veterans Park and Davis Technical College. Details and times for these events were given above. All are invited. Post 27 encourages all to volunteer to be a participating member of MFH Team. We need your help now and in the future.

Chaplain

Thanksgiving Day is a national holiday in the United States, and Thanksgiving 2020 occurs on Thursday, November 26. The holiday began as a day of giving thanks to God for the harvest and other blessing of the preceding year. In 1621, Governor William Bradford and the Plymouth colonists invited Chief Massasoit and the Wampanoag Indians to share an autumn harvest feast that is acknowledged today as one of the first Thanksgiving celebrations in the colonies.

Modern Thanksgiving was proclaimed for all states in 1863 by Abraham Lincoln at the height of the Civil War. Influenced by Sarah Josepha Hale, who wrote letters to politicians for approximately 40 years advocating an official holiday, Lincoln set national Thanksgiving by proclamation for the final Thursday in November, explicitly in celebration

of the bounties that had continued to fall on the Union and for the military successes in the war.

On October 31, 1939, President Franklin D. Roosevelt signed a presidential proclamation changing the holiday to the next to last Thursday in November, for business reasons. In 1942, Roosevelt issued another proclamation designating the fourth Thursday in November (which is not always the last Thursday) as Thanksgiving Day. Even though we are in the middle of a pandemic as well as other challenges, we have much to thank God for this year.

<u>Training & FYI</u>

Even with the crises that are challenging all of us, some of our fellow veterans are suffering even more. Some have no home to shelter them and, often, no food to eat. Our credo in the field was "NO ONE GETS LEFT BEHIND." Can it be less so now that we are back with home, hearth and family?

Send In The Marines

Marines worldwide revere November 10 as the Marine Corps birthday, this year celebrating 245 years of grit, glory and valor. To honor the Devil Dogs in the Legion, we share three stories from home, abroad and even atop the world.

Cody Leifheit

Marine Sergeant Cody Leifheit had been in Lewiston, Idaho, for only a week when he woke up at 2:00 am to hear people screaming outside his apartment. He found a 19-year-old man named Tristan hanging from his neck by a rope after he'd apparently jumped from 25 feet up after telling his friends he wanted to die. Leifheit quickly organized bystanders into action, then grabbed a knife and scaled the

tree to cut Tristan down. Finding no pulse, Leifheit performed chest compressions until Tristan revived and then incredibly resumed that task after a paramedic found that Tristan had bottomed out again. "This is just me being human," said <u>Leifheit</u>. "You would have done the same thing. If you're physically capable of doing something to save someone, you do it. What I did was not a heroic act."

Kyle Carpenter

Marine Corps Corporal Carpenter became the youngest living Medal of Honor recipient in 2014 when he was recognized for his actions on Nov. 21, 2010. Carpenter suffered catastrophic injuries fighting the Taliban in a small village in Afghanistan when he threw himself in front of a grenade to protect another Marine, Lance Corporal Nick

Eufrazio. Carpenter's Medal of Honor citation reads, "By his undaunted courage, bold fighting spirit and unwavering devotion to duty in the face of almost certain death, Lance Corporal Carpenter reflected great credit upon himself and upheld the highest traditions of the Marine Corps."

Charles Linville

Linville lost his right leg below the knee after surviving a bomb blast in Afghanistan. "I'm not upset about my injury, but I can't take people feeling sorry for me," said, shortly before departing for his third attempt at climbing Mount Everest. He succeeded in May, becoming the first combat-wounded veteran to scale the world's most notorious mountain. "To get on one of these mountains and to accomplish something most ablebodied people can't, it would be like vanquishing that demon that was left behind by the war," Linville said.

American Legion Auxiliary

This November we remember and honor the numerous men and women who have served in the armed forces for our country. As part of the American Legion Auxiliary, we have the opportunity to support those in our community and try to make their lives better. We are continuing to support the Homeless Veterans Fellowship in Ogden by collecting items they are low on. Please see list in newsletter. Also, we would like to collect blank greeting cards and like items for the

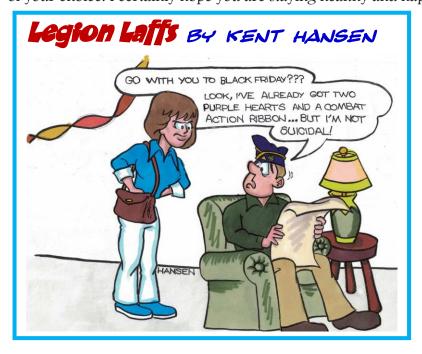

Marcie Mojica Legacy House in Farmington for our veterans living in that facility. Please contact Marcie at email: <u>alexmarcie6@gmail.com</u> or cell:

What Is A Veteran? A "Veteran" – whether active duty, discharged, retired, or reserve – is someone who, at one point in his life, wrote a blank check made payable

to "The United States of America," for an amount up to and including his life.

770-714-2074, or Paula at email: <u>stphnsnc@aol.com</u> or cell: 801-589-2871 with any donations.

For the Christmas store this year, they are only able to collect gift cards and monetary donations. Please keep them in mind as you start your holiday shopping. Recommended gift card amounts are \$10/\$15/\$20 from the business of your choice. I certainly hope you are staying healthy and happy.
